

Focus on recovery, not your finances

Financial confidence when you need it most

When you hear that you have cancer, you think about a lot of things. The one thing you don't want to think about is how to pay for all the expenses that come from your medical care and recovery. Medical insurance plans may cover many of the expenses associated with a cancer diagnosis. However, there are many non-medical costs associated with your recovery such as transportation to treatment, child care and lost wages due to your inability to work. If you were diagnosed with cancer, are you confident that you have enough savings to cover all the expenses?

Helps protect your savings from the high cost of cancer treatment

- Guardian® Cancer Insurance pays you in addition to your medical insurance, no matter what type of plan you have.
- The plan pays you cash benefits based on diagnosis, certain procedures, screenings and treatments.
- The cash benefits are paid directly to you — you decide how to use them.
